Richard Weinstein (2-ENF-WE)

As a result of my request to the Las Vegas Aerial Surveillance Laboratory, a comprehensive aerial history of the facility, with photographic interpretation has been completed starting from an initial year of 1940.

I have the sole regional copy which is available for your review at Edison, if you feel it would aid you in your Diamond Head enforcement actions. I have supplied the Attorney General's office of the State of New Jersey copies for use in his pending litigation.
